

Aliso Canyon Disaster
Health Research Study

Town Hall

Help Shape the \$25 Million Health Research Study

Wednesday
September 30, 2020
6:00 p.m. - 8:00 p.m.

Please log in 15 minutes early.

Click to View Town Hall Resources

- Meeting link and call-in number
- Platform tutorial
- Background information

In addition to asking questions during the event, we encourage you to submit questions beforehand. To submit questions, **send an email to AlisoStudy@ph.lacounty.gov** with the subject line "Town Hall".

The Health Research Study will help all of us understand the short and long-term health impacts from the 2015 Aliso Canyon Gas Blowout on the community. This \$25 million study will be designed and implemented in collaboration with scientific experts and the community. Attend our town hall to learn more about health studies, meet your Community Advisory Group and Scientific Oversight Committee and share your story.

A recording of the town hall will be available afterwards.
